

ISSE2007

2007 International Symposium on Sustainable Energy

December 12-13, 2007

Academy Common, Surugadai-Campus

Meiji University

Chiyoda-ku, Tokyo, Japan

General Chair

Hiroyuki Mori
Meiji University
hmori@isc.meiji.ac.jp

Technical Program Chair

Teruhisa Kumano
Meiji University
kumano@isc.meiji.ac.jp

International Coordinators

Mohamed A. El-Sharkawi
University of Washington
(USA)

Chika Nwankpa
Drexel University (USA)

Naoto Yorino
Hiroshima University
(Japan)

CALL FOR PAPERS

International Symposium on Sustainable Energy 2007 will be held in Tokyo, Japan on December 12-13, 2007. It is sponsored by the Meiji University High-tech Research Center that has been cofounded by the Ministry of Education, Culture, Sports, Science and Technology of Japan and Meiji University. The symposium brings together researchers and practitioners in the area of theory, design, and implementation of Sustainable Energy. The symposium will include regular technical papers, and invited ones. For more information, please visit URL: <http://www.isc.meiji.ac.jp/~hmori/isse2007>. Poster and oral sessions are included in sustainable energy. Perspective authors are invited to submit papers on sustainable energy but not limited to:

- Renewable Energy
- Distribution Automation
- Distributed Generation
- Deregulated Power Network
- Intelligent Systems
- Microgrid Network

Authors are invited to submit a 4-page full paper according to the guidelines (IEEE PES Format). Only electronic submission (PDF file) will be accepted by the following E-mail address:

hmori@isc.meiji.ac.jp

Authors' schedule:

Deadline for submission of camera-ready papers	Nov. 26 2007
Notification of paper acceptance	Nov. 29, 2007
